HAPPY BIRTHDAY TO US!!

"Smooth seas never made a skilled sailor."

2021 proved that more than any other year that I can remember. You are all now "skilled sailors" and I can say that with confidence because I witnessed it firsthand. What each of you went through this year is a feat in and of itself and I AM VERY PROUD to have been able to get/go through it with you and witness each of you face it head on. I could not ask for a better group of people to work with. Each of you has proven to yourself what you are capable of and it is an honor of mine to be able to witness the fruits each of you will receive in 2022 because of the trials you overcame in 2021. I am excited for what is ahead for each one of you this upcoming year. You have earned it and you deserve it!
