In addition to a focus on speeding, examples of other dangerous driver behaviors that law enforcement will track during Operation Safe Driver Week include distracted driving, failure to use a seatbelt, following too closely, improper lane change, reckless or aggressive driving, failure to obey traffic control devices, evidence of drunk or drugged driving, etc.

Safety Corner

CONTROL

Always keep in mind, you are in control and every move you make has a result. What is the result? Just ask yourself... why do preventable accidents, cross drops occur? Do you violate speed limits, other traffic laws, and company rules? Who is in charge behind the wheel? Are you in control? SAFETY FIRST!
