### Trey's Thoughts

JH Seale is very fortunate & blessed that we were able to get through this difficult time. Our thoughts and prayers go out to all the families who lost loved ones and businesses that were effected by this pandemic. Now who is ready for some Gamecock football?!?! Stay safe out there and continue to make getting home safely everyday to your respective families your #1 priority.

~Trey

### Bill's Blog

As we continue to make our way through these turbulent and unprecedented times, I say THANK YOU to all who have continued our "essential" business. As I communicate with our customer base on a daily basis, they have asked to extend their sincerest thanks to each of you.

We are now in the "100 days of summer" and we are still not running at full speed. I keep an optimistic view that we will begin seeing steady increases of volume and business throughout the next few months. Continued Safety to everyone within our company, our customers and our country. Thank you to everyone for all you do at JH Seale.

~Bill

### SAFETY CORNER

Summer is here!

Remember this time of the year... drink water, stay hydrated, eat fresh, avoid sugar concentrated drinks, avoid keeping the truck AC too cool. Keep it in balanced with outside temperature to avoid getting sick.

Keep social distancing, wash your hands frequently, no speeding, and let's get home safely.
